

Develop your ability to help others. Take Coach Training

Learn how to develop others and be more effective in your formal and informal conversations.

This 3 day workshop will introduce you to the COACH model, a successful Christian model of coaching. It can be used formally for staff and congregation development and informally anywhere, for life. This is the model that the Northern Association is promoting and we are having very positive feedback from past participants who have changed their practice to the benefit of their staff and themselves. It is very practical. Practice sessions through the 3 days mean that participants leave with basic skill sufficient to put them into operation as soon as they return to work.

The workshop will run from Tuesday to Thursday, 3-5th October. For registration contact Wayne Boyd at nbassn@baptist.org.nz. The cost is \$170, plus GST, and includes course materials, morning teas and course follow up. Venue is **Manukau City Baptist Church**, 9 Lambie Drive, Manukau. For more information contact : Peter Browning **022 106 2922**. Register now!
