

## Baptist Church Planter, Mosgiel

The Otago Southland Baptist Association seeks expressions of interest for the role of Church Planter for an Association funded initiative in Mosgiel. Situated in the buildings once occupied by Mosgiel Baptist Church, the Association offers the appropriate candidate an opportunity to create and develop a brand new church.

We are looking for someone who is driven by a love of the gospel; who delights in sharing that message within the congregation and with their local community. Ideally, they will have a formal theological education and be able to preach and teach all ages in an engaging manner. They will need to be creative and passionate about starting new ministries. They will need to love people sufficiently to work alongside them and help them grow their giftings. Church planting is a unique opportunity that requires energy, fresh vision, tenacity, team-work, and an ability to love others enough to make the necessary sacrifices.

The Association is committed to church planting in the South, and will be using this opportunity to learn and grow ourselves in the way we support planters.

All enquiries to Mike Summerfield  
[mikes@roslynbaptistchurch.org.nz](mailto:mikes@roslynbaptistchurch.org.nz)

A sub-committee of the Association is overseeing the work and we are genuinely looking to work with the right candidate to shape the way forward. Get in touch to discuss your philosophy of planting and ministry, and how you would approach this challenge.
