

**THE UPPER ROOM**  
AT TAURANGA CENTRAL  
BAPTIST CHURCH

**LEADER / FACILITATOR OF  
CENTRAL KIDS, FAMILIES, &  
COMMUNITY ENGAGEMENT  
(PART-TIME)**

**One Church, Two Congregations, on a Journey Together...**

With the addition of a second congregation, Tauranga Central Baptist Church has entered a new chapter of its life, and is becoming an increasingly, vibrant, creative, and diverse Christian whānau. The Upper Room congregation (part of the TCBC family) is comprised of mostly young families, and has sparked a new generation of Central Kids, and Central Youth. On account of this, we are looking for a passionate and creative part-time Leader / Facilitator of Central Kids, Families, and Community Engagement.

The nature of this role and its hours are flexible (paid up to 24 hours per week) depending on the gifts and the passions of applicants, but this is how we see it:

**Firstly**, we are looking for someone who will provide dynamic leadership, care, and oversight in the area of Central Kids (pre-school and primary age children). This would include the coordination of our wonderful team of leaders and volunteers who are from both congregations.

**Secondly**, in recognition of the role of the whole family in the nurture and development of a person's faith, part of the role will be to provide support, encouragement, and resourcing to parents and caregivers that will help us to deepen our faith, commitment, and presence in our respective communities.

**Thirdly**, as a congregation of ministers more than "ministries," we are convinced that each family has the potential to be a powerful witness in their own neighbourhood and communities. Consequently, we are looking for someone who, in their care for Central Kids and our family's in general, are also looking outward, and inspiring / equipping us all to do the same. This is already at the core of our DNA, but we are looking for someone who will inspire us and equip us to it better and more!

Amidst all of this, it is important give mention to our journey as a church: we are one church of two congregations, on a journey together. As a church, we are in a process of significant change and development. Therefore, if you have the passion, the imagination, and the commitment to be a part of this, we would definitely love to hear from you!
